From ArbiterAthlete team:

As mentioned in our previous notification, your school's user interface on ArbiterAthlete will be transitioned to the PlanetHS branded user interface on April 1st, 2019. Rest assured that the underlying software that you are accustomed to using on ArbiterAthlete branded pages is the same being utilized by the PlanetHS interface. Any existing pre-participation paperwork, eligibility forms, transfers, fees, coach certifications, and other Athletic based information will still be there after the transition.

This change in branding is intended to minimize confusion when seeking support. Now, the appropriate resources to seek support will be obvious by the branding, either PlanetHS or ArbiterSports, of the page.

With April fast approaching, we know that schools are engaged in preparing materials for the upcoming school year. With this in mind, we wanted to update you with some information regarding how and where parents and students will log in and or create accounts after the transition on April 1st.

After April 1st, the parents and students who already have accounts on www.ArbiterAthlete.com should log in at www.PlanetHS.com. Their username and password will be the same as it was for www.ArbiterAthlete.com.

Any new parents or students signing up should do so at www.PlanetHS.com.

However, if they go to www.ArbiterAthlete.com and log in they will be redirected to the school on www.PlanetHS.com and not have to sign in again. Technically any accounts created or logged into from either www.planeths.com or www.arbiterathlete.com will end up in the same place. It continues to be the same, single code base, but the template interface will be set to the PlanetHS type on April 1st.

We recommend that any information going out concerning logging in or creating accounts after April 1st and for the upcoming 2019-2020 school year be pointed to www.PlanetHS.com.

The navigation to the forms and account linking will be the same.
