Leadership and Sportsmanship

The South Carolina High School League has even higher expectations for a riveting, competitive and sportsmanship filled school year. Our student-athletes, under the tutelage of our dedicated AD’s and coaches, are riddled with talent, potential for greatness and a genuine desire to succeed. Our membership as well as our state leaders, game officials, fans and communities share a common goal: to see South Carolina’s children exceed beyond expectations in all things education related! Athletics go hand in hand with academics; our sports programs would not exist without the support of teachers and school administration. Their support of middle and high school athletics have enhanced the SCHSL mission and provided needed environments that nurture growth, both mentally and physically.

Be a leader this school year. Be a good sport. Keep a team mentality and show your support for whole student. We encourage parents and fans to support all student-athletes, all year long. This includes Fall, Winter and Spring sports... the athletes, coaches, and officials. We can create a historic year for South Carolina, academically as well as athletically. Let’s get to work. Hooray for 2019-20!
Welcome to the 2019-20 School Year!

Ask your SCHSL Commissioner ...

What are you most looking forward to this school year?
Each year I look forward to great opportunities to interact with the member schools personnel (i.e. superintendents, principals, athletics directors, and coaches) about their upcoming school year; to watching student athletes represent their sports teams and themselves with great athleticism, pride and sportsmanship; and, all the new celebrations and challenges that the year brings.

What are three key factors when selecting State Finals venues?
- Great experience for the participating athletes/teams.
- Accommodations for the fan experience.
- Cost

Having such a diverse background in education and athletics, what do you feel is mandatory for students to succeed at both?
There are many things that come to mind as student athletes write their story from their educational experiences, but two that I think are worthy of special attention are:
1). Give yourself PERMISSION TO FAIL, IT ENCOURAGES CREATIVITY
2). Give yourself PERMISSION TO SUCCEED, IT SUPPRESSES GUILT

What is your favorite aspect of the "Back to School" excitement? Least favorite aspect?
The anticipation of a great sport season to start the school year. The fear of heat related issues due the extreme weather conditions.

Do you have a question for the next SCHSL E-Bulletin? Send to tnewman@schsl.org for consideration in the next edition. All questions will receive a response; a select few will be published in the E-Bulletin.
SAFETY IN SCHSL SPORTS

All member schools must adhere to the rules and policy’s voted on by the membership. These guidelines include the following NFHS Learn Center (NFHSLearn.com) courses we require all coaches take prior to the sports season:

- Heat Illness Prevention
- Concussion in Sports
- Sudden Cardiac Arrest
- Protecting Students from Abuse – New for 2019-20

In addition to the above mentioned NFHS Learn Center courses, we also provide and strongly encourage the following:

- Emergency Action Plans / “Anyone Can Save A Life”
- Automated External Defibrillator (AED) Training

Remain alert as SC temperatures continue to rise and pose a threat to student-athletes and staff.

“Last month, through the SCHSL Student Athlete Advisory Council (SAAC), I was given the opportunity to travel to Indianapolis and participate in the National Federation of State High Schools (NFHS) Student Leadership Summit. Fellow council members Na’ala Littlejohn and Aaron Parker were also SCHSL SAAC representatives in attendance. We focused on improving our leadership skills and how to apply those improved skills to our sports, our team and our communities. One afternoon, we had the honor of partnering with Special Olympic athletes and working collaboratively with them on different activities and challenges. The conference was a perfect blend of learning, service, and getting to meet new people from all over America (and a little bit of Canada!). Special thanks and happy retirement to Ms. Nessie Harris who chaperoned us during the summit and lead the Student Athlete Advisory Council this year. Sincere thanks to the SCHSL and our schools for supporting our journey to such a productive adventure this summer. I can’t wait to share my experience and new skills with my teammates!”

2019 Statewide Volleyball Officials Clinic

Once again, the SCHSL hosted a summertime day clinic for volleyball officials from across the state. We had over 200 attendees this year, a record number! Gilbert High School hosted the event which was a hands-on tutorial workshop for veteran officials as well as our newcomers. Several volleyball teams participated in the training aspects while experts were on hand to answer questions and show techniques.
Inaugural NCAA/NFHS Boys Scholastic Basketball Event, Summer ‘19

The SCHSL partnered with the South Carolina Basketball Coaches Association to host this summer’s big event. There were over 65 high schools represented during the weekend and an enormous amount of interest from NCAA coaches and college representatives. We look forward to the opportunity to host this event during Summer 2020.
How Can We Help You?

The July retirement of Nessie Harris brought about many changes within the SCHSLS Office. Please be sure to review our ABOUT US link on our website for contact information for topics and areas you may need assistance with.

**STUDENT-ATHLETE SPORTSMANSHIP PLEDGE**

As a student-athlete whose school is a member of the South Carolina High School League, I know that I am held to a higher standard as I participate in athletics. Therefore,

• I will resolve to conduct myself with dignity as an athlete and compete understanding the spirit of fair play, while at the same time playing hard.

• I will exercise self-control and refrain from engaging in all types of disrespectful behavior, including inappropriate language, taunting, trash talking and unnecessary physical contact.

• I will respect my opponents and try to be a true team player.

• I will show respect to authority and accept their decisions.

• I will remember that winning isn’t everything and will only be short lived, but the character I develop and the way I handle adversity will be a lifelong lesson.

I know the expectations of my school, my region and the South Carolina High School League and hereby accept the responsibility and privilege of representing this school, community and state as a student athlete.

**COACHES’ SPORTSMANSHIP PLEDGE**

As a coach whose school is a member of the South Carolina High School League, I know that I am a role model for my school and community and that I have been entrusted to develop the game skills for my student-athletes, but more importantly their character. Therefore,

• I will exemplify professional behavior and leadership with strong ethical standards.

• I will respect the integrity and personality of the individual athlete.

• I will teach my student-athletes the principles of good sportsmanship: integrity, fairness and respect.

• I will describe and define respectful and disrespectful behavior. Stressing that disrespectful behavior, such as taunting, trash talking, and intimidation will not be tolerated.

• I will respect the integrity and judgment of game officials.

• I will respect my opponents.

• I will teach my athletes to play fairly and to respect the rules, officials and opponents.

• I will minimize coaching behaviors that could incite my players and crowd.

• I will teach student-athletes how to win and lose graciously.

I hereby accept and understand the seriousness of my responsibilities and the privilege of representing my school, my community, my region and the South Carolina High School League.

2019-20 is your year! Join our winning team of officials. South Carolina’s students are counting on it.

#BeAnOfficial

There’s a shortage of high school officials in almost every sport across the USA. Becoming a high school official is the easiest call you’ll ever make. High school officials protect the integrity of the games our kids love to play by demonstrating qualities such as honesty, objectivity, consistency, courage and common sense. Officials have an opportunity to help teenagers learn life lessons that will benefit them for a lifetime. As veteran officials continue to retire, new officials have an opportunity to make a huge difference in the lives of hundreds of young people every year. Help spread the word- SCHSL needs officials for all sports.

If Thunder Rolls and Lightening Strikes  
– Take precautions; Not chances!

When Mother Nature is at work, everyone is at her mercy. There are simple steps to take when lightning is in the area at outdoor athletic contests. The appendix of the NFHS Rules- NFHS Guidelines for Handling Practices and Contests During Lightning or Thunder Disturbances. You can also find them by clicking on the above graphic.

Along with reviewing these guidelines, we would recommend that each school have a game administrator or athletic trainer who is responsible for assisting the officials in making weather related decisions. For those schools who have technology that can indicate the distance of lightning strikes, we recommend that you use this information with assisting officials in lightening related decisions. Obviously we would encourage both the schools and officials to err on the side of caution (whether that be with the information provided through technology or with what can be visibly seen) when addressing severe weather. In an effort to make these difficult decisions easier to navigate, we are also encouraging you to have your athletic trainer or game administrator meet with the officials prior to the game to discuss your evacuation plan, and any local school or district based requirements for dealing with severe weather.

It’s always best to be safe than sorry. Thank you in advance for supporting SCHSL safety measures and practices.

SAFETY FIRST
“As a league, we consistently search for opportunities to enhance safety measures and precautions for not only our athletes but the coaching staff as well. The safety and well-being of our student athletes is paramount to the mission as well as success of our athletic programs. There is no such thing as being over prepared or too careful. I am confident when I say there isn’t a SCHSL employee, coach or school administrator that doesn’t put student safety first with every school athletic program related decision,”
