Subject: COVID-19 Guidance – DHEC Updates

Date: January 3, 2022

Happy New Year!

I trust that all had a peaceful and relaxing Winter Break. As we begin the new calendar year and resume winter sports season competition, I ask that all continue practicing safety and health protocols as it relates to coaches and their staff, student-athletes, and spectators.

The COVID-19 virus is still creating challenges to completing a full season of winter sports. And, while currently there are no League mandates for spectator capacity, everyone is asked to be aware of any and all local community spectator capacity requirements/restrictions. Please take the opportunity to share with your opponents any unique protocols that may affect spectator attendance. Indoor venues with limited ventilation make it imperative that COVID-19 virus protective health and safety protocols are practiced. As an update, please use the link below to find the latest information on DHEC's COVID-19 Isolation and Quarantine Guidance. Please take the opportunity to review this information as you make local decisions on this matter.

[DHEC Updates COVID-19 Isolation and Quarantine Guidance Following CDC Announcement](#)

Have a great remainder of the winter sports season, and if you have any questions please do not hesitate to contact me.

Sincerely,

Jerome Singleton, Commissioner
SC High School League
