GameChanger is making it easier than ever to share season stats & spray charts! Players & Family can now share a link to their @gcsports season player profile to college coaches, recruiters and more even if the recipient doesn't have the app. Click above.

Here's an idea: Pre-plan your next 8 weeks and be sure to include recognition for scholar athletes during school and district awards ceremonies, create highlight reels of the athletics department staff, and have your student-athletes write "THANK YOU" notes to each and every 2022-23 booster and volunteer. Close out the year with accolades and acknowledgments. [#WeAreSCHSL](#)
