

## MIDDLE SCHOOL ACTIVITIES

These regulations apply to all 7<sup>th</sup>, 8<sup>th</sup> and 9<sup>th</sup> grade students participating in Junior High or Middle School programs as well as students participating on exclusively 7<sup>th</sup> and 8<sup>th</sup> grade teams under the High School Program. All 9<sup>th</sup> grade students participating in a high school program will not be restricted by these regulations or the regulations restricting junior high school teams in the National Federation rules books.

- A. General philosophy and aims to be considered in the interscholastic activities program for seventh, eighth and ninth grade students:
1. Since there is a great range in individual differences among boys and girls of this age (age; body build; interest; ability; experience; health, and the stages of physiological, emotional and social maturity), the program planned should be based on the principle of "The greatest good to the greatest number of participants involved."
  2. The interscholastic athletic program for boys and girls in the 7<sup>th</sup>, 8<sup>th</sup> and 9<sup>th</sup> grades should supplement, rather than serve as a substitute for, an adequate program of required physical education, intramural and physical recreation for all students.
  3. The program must be suited to the needs of boys and girls of this age. It must contribute to desirable growth and development of these participants physically, socially and otherwise. The program must be justified on a basis of contribution to the desirable development of the participants. The welfare of the youth concerned is of greatest importance. All other needs and problems should be secondary.
  4. This interschool competitive program should be operated from as broad a base as possible to offer experience to many boys and girls.
  5. The program should place considerable emphasis on:
    - a. Companionship among the participants on a squad and among squads of different schools.
    - b. Sportsmanship
    - c. Physical skills, techniques and training
    - d. Character development
  6. The South Carolina High School League Executive Committee favors an interscholastic program but feels this program should be carefully controlled, regulated and limited
- B. Rules and Regulations:
1. Students below the seventh grade may not participate in interscholastic athletics. Students in grades 7 and 8 will not be permitted to participate on varsity interscholastic teams in football, wrestling, lacrosse and soccer.
  2. Participation on junior varsity or "B" teams will be left to the local school authorities. These regulations do not forbid an overlapping of the two "graded" groups on such teams. Schools are reminded that a student may not participate on more than one team and participate in more than one football game or two basketball games per week
  3. It is recommended that athletic contests be played with a start time no later than 4:00 pm.

4. All sports are allowed one scrimmage, one jamboree and two tournaments. A team may not play more than a half of a regulation contest in a jamboree. No exceptions. Schools may charge admission for one scrimmage
5. All coaches must be CPR & AED certified. All coaches must verify with their principal completion of the online courses "Concussion in Sports", "Heat Illness Prevention", "Protecting Students from Abuse" and "Sudden Cardiac Arrest" found at [www.nfhslearn.com](http://www.nfhslearn.com).
6. All schools must use a Wet Bulb Globe Temperature Monitoring (WBGT) to determine safe conditions for practice or competitions during periods of high heat and humidity.
7. Practice in all sports may not exceed two hours per day.
8. The eligibility requirements will be substantially the same as for high schools with the following variations:  
 AGE - A student who becomes 15 years of age prior to July 1 of the upcoming school year, will not be able to compete on an 8<sup>th</sup> grade and under team in any athletic activities. For a 9<sup>th</sup> grade and under team, substitute 16 years of age for 15. A student who becomes too old for a 7<sup>th</sup> and 8<sup>th</sup> grade team may be considered as enrolled in the 9<sup>th</sup> grade for eligibility purposes.

ADVANCED PARTICIPATION - A junior high or middle school student who participates for their team and then is promoted to a high school varsity, junior varsity, or other interschool squad, may not return to junior high or middle school competition during the current year in the same sport if he/she has participated in a game played by the advanced squad.

PLAY-OFFS - No play-off beyond region level is permitted between seventh, eighth and ninth grade teams.

TRAVEL - Junior high and middle schools will not permit their athletic teams to travel more than 150 miles round trip for any contest.

OFFICIALS - Certified athletic officials should be provided in all cases possible. When this is not possible, competent adults should be obtained whom the schools concerned mutually agreed upon in advance. High school students shall not be used as game official
