CLASS AAA HOST : DREHER HS

This correspondence is to make you aware that the new hire for the Director of Public Relations and Communications has rescinded his acceptance of the job offer and decided to remain with his current employer. While we are disappointed with this news, we will continue our search for the best candidate possible to represent the SC High School League.

More than half of fake pills tested in South Carolina contained fentanyl.

6:00 pm

October 19, 2022

SCHSL (Wrestling ONLY)

6:00 pm

Greetings,

Hope all is well as you prepare for another week of educational athletic competition. Practices and competitions last week were cut short due to the threat of Hurricane Ian. While most of the state was unaffected, some of the member schools are recovering from the aftermath of heavy wind, rain, and flooding. We know that our member schools are resilient and will bounce back from this setback.

As we continue this sports season, I continue to remind you of the mission of displaying good sportsmanship. Last week showed a decrease in ejections by players for unsportsmanlike conduct. Eight schools had players ejected for unsportsmanlike conduct and no coach or spectator was ejected last week. One school had a repeat ejection. Again, unsportsmanlike conduct is a choice.

To the schools with no ejections last week, Congratulations. Thank you for your efforts. To the schools with ejections last week, I ask that you continue to make good sportsmanship a priority this week.

Have a great week of educational athletics competition.

Dr. Jerome Singleton , SCHSL- Commissioner
