FROM THE COMMISSIONER

Greetings,

It has come to our attention that some individuals are presenting digital South Carolina High School League (SCHSL) passes that are incomplete, specifically those without a photo of the pass holder displayed on the pass.

Please be reminded that:

- All SCHSL digital passes must include the photo of the pass holder to be considered valid.
- Incomplete passes (those without a photo) are not to be accepted for entry into regular season contests.
- These incomplete passes will also not be honored at any state playoff contests.

If additional help is needed in completing the digital pass process, please contact the League office. This process ensures proper identification of pass holders and maintains the integrity of our event access procedures. We ask that you share this reminder with all staff responsible for gate entry and event management at your athletic venues.

Thank you for your continued cooperation and commitment to upholding the standards of the South Carolina High School League.

~Dr. Jerome Singleton
Commissioner, SCHSL

FOR YOUR INFORMATION

The Health Spot

Importance of Sleep

As the fall months bring shorter days and earlier sunsets, high school athletes may find their schedules shifting, which can affect their sleep patterns and overall performance. With practices or games extending into the evening, athletes may end up staying up later, reducing their opportunity for adequate rest.

It's important for athletes to be mindful of these changes and prioritize their sleep to ensure they maintain peak performance. The effects of reduced sleep, such as slower reaction times, decreased focus, and higher injury risk, can be especially detrimental during this time of year when the demands of school and sports intensify.
